

North Prairie News

Winter is melting away into spring and new beginnings. Soon it will be planting season, construction season, and swimsuit season!

We are entering into a new season at North Prairie Water also. We are working on increasing transparency and revamping the policies and procedures of the District based on the feedback we have received from customers. The board has also begun the process of hiring a new General Manager. The board intends to begin the interview process at the end of March. Resumes and cover letters should be emailed to Lisa Krueger. This is an exciting time for all of us, as we look toward our future, and remember those who helped us grow to this point.

Save the Date: Annual meeting is June 3, 2025, at 5:00pm at the State Fair Center. Your board wants to hear from you! What can we do to improve our annual meeting this year?
